

RACHEL'S JOY MATERNITY MINISTRIES

Zimbabwe Orphanage

Who we are, what we want to do and how you can help

Who is Rachel's Joy Maternity Ministries

Rachel's Joy was started in 1989 and has continued to provide services for pregnant women and babies as an alternative to abortion. Services such as housing, clothing, mentoring, counseling and all needs for the new mothers as they raise their children. The Ministry was founded and continues to be directed by Susan Mirti-Fusco under the covering of Acts Community Development Corporation and the support of Coney Island Lighthouse Mission of Brooklyn, New York.

Now Rachel's Joy, in collaboration with Harvesters in Sport, will be able to reach children in Zimbabwe who have no parents or family, providing them with caring support, food, clothing, housing and a Christian education. Our hope is to change lives through the Zimbabwe orphanage.

Rachel's Joy is a 501c3 organization.

Who is Apostle Susan Miriti Fusco

The Director of Rachel's Joy Maternity Ministries

Apostle Susan is highly respected and known as a pastor, preacher and Apostle. Apostle Susan is the executive director and founder of Rachel's Joy Maternity Home and now Rachel's Joy Maternity Ministries in New York City. Over the last 30+ years her ministry has reached homeless, pregnant and or abused young women from all over the U.S.

Apostle Susan has a heart for women who are pregnant and at risk of having an abortion. These young women lack family support and often are abandoned by the baby's father.

Rachel's Joy is a 501c3 organization.

Who is Apostle Susan Miriti Fusco (cont'd)

Susan believes all life is sacred and both mother and child need to know God's love and the support of people who care. This godly environment, which includes a safe place to live, healthy proper food, clothing, and mentoring will enable every woman and her child to reach their full potential. God has a destiny for each life and our ministry goal is to help both mother and child fulfill God's plan.

Rachel's Joy is a 501c3 organization.

What this orphanage project is about

Rachel's Joy Maternity Ministries is seeking to work collaboratively with Harvesters in Sport and Mugove Chiviya to build and maintain an orphanage in Darwendale, Zimbabwe, Africa for orphaned children.

Once the orphanage is built by Rachel's Joy, Harvesters in Sport will acquire financing to build a school on the same parcel of land.

Rachel's Joy is a 501c3 organization.

This is what will become of the children without the orphanage

If we don't open the orphanage then the children are likely to live on the street with the girls vulnerable to abuse from the men in their community.

It is a very sad reality that these orphaned children face this because even their own relatives abandon them and can't look after them due to their own struggles with poverty.

Without a solid foundation and place to live these children could end up in sex trafficking or homeless, without food, shelter or education.

Rachel's Joy is a 501c3 organization.

Where the orphanage is being built

ZIMBABWE

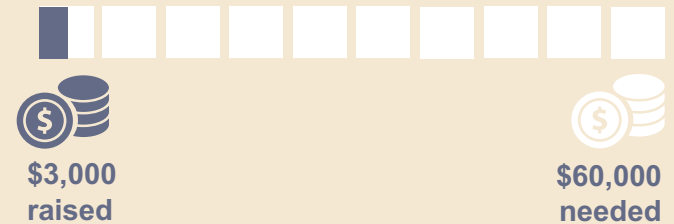

Darwendale Zimbabwe is where the orphanage will be built.

ZIMBABWE

What we need for this project

- 🎯 We need you to help us raise the funds that are needed to finish this valuable, life saving project
- 🎯 Partnership with us financially and in prayer. Help us support the ministry we have already started
- 🎯 We need faith filled people to pledge support for the upkeep of this orphanage once the facility is built

We have only raised 5% of our goal of \$60,000 US to complete the building of the facility, furnish and provide maintenance for the first year.

Rachel's Joy is a 501c3 organization.

About our partners for the Orphanage

Mugove Chiviya and Harvesters in Sport

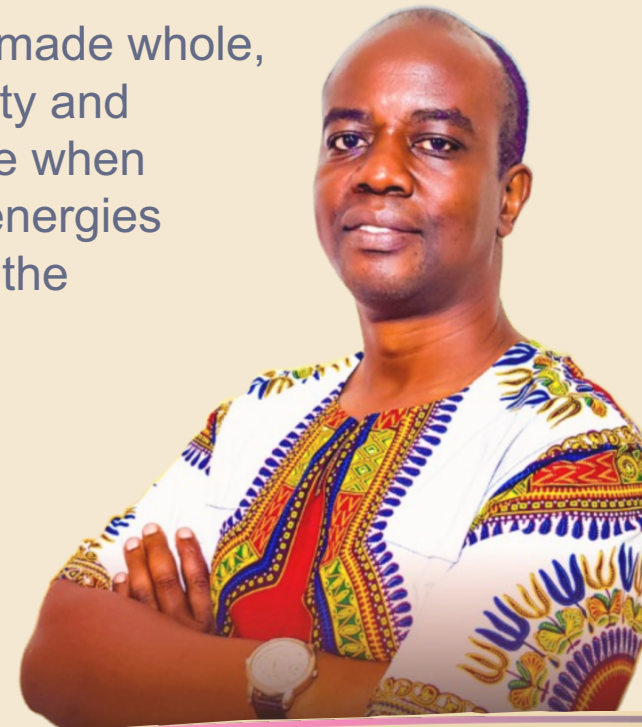

Mugove Chiviya is the project coordinator

Mugove Chiviya highly respected internationally as a prophet, preacher, motivational speaker, author and mentor. He has been in full time ministry since 1996 and is the founder of Inspiration House.

He firmly believes that unless people are set free and made whole, they cannot be all God intends for them to be. Humanity and the church will only be what God intends for them to be when each person begins to function as God intended. His energies are spent in bringing wholeness, healing and clarity in the avenues that God makes available to him as well as ministering by impartation that which is missing in the lives of people and ministries.

Mugove Chiviya will oversee the project and financial disbursements

Mugove Chiviya

(cont'd)

Mugove is passionate about seeing people fulfill their potential, enjoying their lives and being positive members of families, organizations, communities, cities, nations and continents. His desire is to see families, communities and nations transformed with the truth found in God's word. His open and honest approach to life and what he is involved in is both refreshing, challenging, thought provoking and effective.

Mugove Chiviya has spent over twenty years helping to clothe, feed, educate and preach to orphans and vulnerable children. He believes that it is the responsibility of the strong to help fight and provide for those who cannot do so for themselves and have no one who can do it for them.

Mugove is married to Christina and they live with their children in Harare, Zimbabwe.

Harvesters in Sport

Harvesters in Sport was founded in 2002, and is the organization that we are working with. Their mission is to share the message of Jesus Christ through the environment of sport and through doing strategic charity work (feeding the children, sending orphans to school, mobile library, girl and boy clubs).

Harvesters in Sport also trains members of the community on how to look out for the orphans and vulnerable children in their midst. Harvesters in Sport will be providing workers for the project and build a school next to the orphanage as a further project after our orphanage is built

Harvesters in Sport

28 November 2022

Dear Prophet Chiviya

Let me take this opportunity to thank you for your support through the years for our vision as Harvesters in Sport. We are excited about the new chapter of setting up and running an orphanage with Rachel's Joy.

As we await the approval of the building plans by the local authority, we would like to reaffirm our commitment to training and supervising the house mothers of the orphans we shall identify to stay in the orphanage once construction is complete. We are excited by the commitment of Rachel's Joy to the upkeep and welfare of the orphans as the needs far exceed our capacity as an individual organization to meet them all.

Let us continue to pray and work for the betterment of orphans as God enables us.

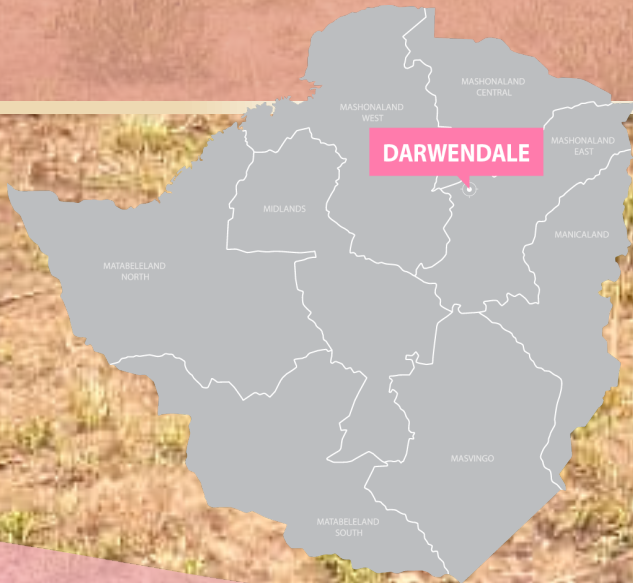

Yours in Christ

Hattiyi P. Kwenda

Our team is seeking to leverage solar power for this building to keep costs down

The work of the orphanage has begun

How we are already assisting the children in Zimbabwe

**Rachel's Joy
is already assisting
children through our work
with Harvesters in Sport.**

**Here is how we are
already helping them.**

**And what we can provide
through the building of
the orphanage**

Harvesters in Sport
feed on average 65
children per day and
over 200 on weekends.

Right now we are providing emotional support to these orphaned children.

Harvesters in Sport has this year sent 35 kids to school and supplied stationery and school uniforms at a cost of US \$7,500.00. These are considered on a case by case basis.

Right now, through Harvesters in Sport, **we have begun** sharing the love of Christ and providing these children with some of their basic needs.

Apart from feeding and sending some of them to school they play fun games, get taught sports and life skills.

Harvesters in Sport will provide trained house mothers and supervise them according to government requirements. Harvesters will also set up a screening process for the selection of orphans and the final selection will be done in conjunction with Rachel's Joy.

Right now we are providing supervised sporting activities mainly

- Football (Soccer), Volleyball and Netball.
- They periodically hold mini sporting tournaments to encourage participation in sport. We can never know which area gives a child the most emotional support

These children's are alone
in the world, **with this
orphanage we can provide**

- Housing, beds, blankets, desks, tables, a gas stove, a solar power system for lighting.
- Education
- Clothing
- A safe environment
- Caring friends to help them
- Teaching for the future

These limited benefits we are providing are making a difference for these orphaned children.

With your help we can do much more by making this orphanage a reality.

We desire to build the orphanage to continue serving children such as these in a greater way.

These are the children we will be serving and are building the Orphanage for.

How you can give
